**Carmel, CA, October 2018** — Dawson Cole Fine Art is proud to present an exhibition of new and iconic works by Richard MacDonald. This year marks the 30th anniversary of a career embodied with creativity, courage, and passion as an artist, sculptor, and mentor.

Richard MacDonald has a lifetime of inspiration, creativity, and passion to draw from, and he has brought art to life through his imagination and dedication. Once realized in bronze, his moments of inspiration become ours too. It takes courage to make a mark on the future. It takes creativity to distill the experiences of a lifetime into art that has meaning and beauty. It takes passion beyond words to stay the course on the uncharted path of an artist. Thirty years becomes visible—tangible—and these moments will speak beyond our time.

The 30th Anniversary celebration will highlight 30 of Richard's most revered and iconic works, together with some of his most recent creations including a heroic size sculpture that will be unveiled for the first time during the event.
